## Classic Individual Lashes

The fastest way to get glamorous, natural-looking eyelashes is semi-permanent, beautiful eyelash extensions that provide you with longer, thicker, fuller eyelashes and are weightless for day and night wear. Eyelash extensions create the appearance of a brighter, more open and rested eye, thereby creating a more youthful and rejuvenated look. Each artificial eyelash is glued to one of your own ones, making them look longer and thicker, but natural at the same time.

## Real Mink Individual Lashes

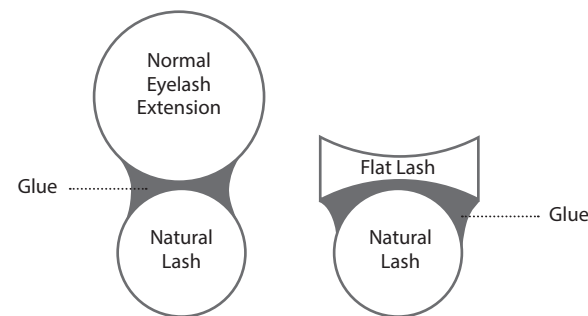

Real Mink Kira B Lashes are handmade with 100% pure mink fur; they look completely natural and feel luxuriously soft. These lashes are made from individually selected mink fur hairs that have been harvested by gently brushing live animals.

## Flat Lashes

Flat Lashes, a recent addition to the eyelash extensions spectrum, offer you a benefit of thickness at less than half of its normal weight. Because of their specially designed flat (or, to be precise, rhomboid) shape the Flat Lashes feel lighter and more natural and let create a full and voluminous look very quickly. Because of their shape they also attach to your own eyelashes much better (as there is more bonding area) and should also last longer.

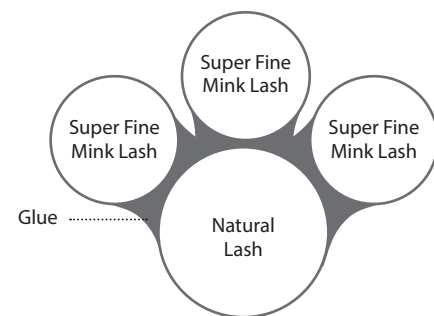

## Russian Volume Lashes

Russian Volume Lashes is a new innovation in Eyelash Extensions. Super fine Mink Lashes offer you the ability to achieve fuller volume compared to classic lash fibres. Suitable for everybody 2D, 3D, 4D, 5D, 6D eyelash extensions can cover all your natural lashes for a full thick look.

Russian Volume Lashes technique is based on applying multiple lash extensions to each natural eyelash in a fanned shape. This means that there are 200- 600 eyelash extensions applied to each eye, rather than the regular 80-100 extensions per eye with the classic eyelash extensions.
